Section 11.035 – MO Medicaid Audit & Compliance Unit

Book 1, Page 158

Description: The mission of Missouri Medicaid Audit & Compliance (MMAC) is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program, and recovering improperly expended funds while promoting high quality patient care. This unit works to reduce costs, increase efficiency of provider monitoring, and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error, or having been improperly billed to MO HealthNet. MMAC also protects the integrity of the Medicaid program by enrolling providers through a rigorous screening process. MMAC has cooperative agreements with the Department of Health and Senior Services and the Department of Mental Health, to enhance the integrity of the waiver programs through the same processes. MMAC is dedicated to preserving and protecting the Medicaid program for those in need, and to safeguarding taxpayer's dollars from fraud and abuse within the Medicaid program.

Federal regulations require the Department to confirm the identity and determine exclusionary status of Medicaid providers and owners through routine checks of various federal databases as part of the enrollment, reenrollment, and revalidation processes. In addition, the Department must have a method of verifying provider licensure and any limitations. As part of the Department's modernization of the legacy MMIS, the MMAC is going to pursue a Provider Services module that will allow for more automation of the provider enrollment, screening, and monitoring functions. This module will process provider applications, including automated screening and monitoring; include a self-service portal; provide Interactive Voice Response (IVR) welcoming and call routing for providers; provide a customer relationship management tool for communicating with the providers; and provide call center support for provider enrollment and revalidation. MMAC has been approved for \$26,500,000 for this module for SFY24. Implementation will take at least 18 months to complete and will span across two fiscal years - SFY2024 and SFY2025. MMAC is therefore requesting \$26,500,000 again for SFY25 to ensure that all implemenation costs will be covered as they are incurred. These costs do not include the maintenance and operations costs. House Rec: Partial funding based on revised timeline. One-time for implementation costs. On-going M&O costs undetermined at this time and match rate will change.

Section 11.050 – Recovery Audit Contract (RAC)

Book 1, Page 193

Description: The federal government requires states to contract with a Recovery Audit Contractor (RAC) to identify and recoup Medicaid provider overpayments. State Medicaid programs may contract with one or more RACs to identify underpayments and overpayments and to recoup overpayments. Payments to Medicaid RACs are contingency based and linked to overpayments the contracts identify. Missouri’s first RAC contract ended November 30, 2015. There were no bidders for subsequent RAC contracts. Following the lead of other states in the same circumstance, DSS submitted a State Plan Amendment (SPA) to request a waiver of the RAC requirement. The Centers for Medicare & Medicaid Services (CMS) granted waivers between 2015 and 2022. CMS stated no further RAC waivers will be granted. DSS will be contracting with Health Management Systems (HMS) to be the RAC effective October 1, 2022. CMS has agreed to pay any contingency fees that DSS would owe HMS for Medicaid funds recovered on behalf of the state.

DEPARTMENT OF SOCIAL SERVICES

Section 11.070 – Receipt and Disbursement - Refunds

Book 1, Page 233

Description: These appropriations allow the department to make timely deposits of all receipts, and to make refunds or corrections when necessary. Pursuing this method creates additional interest earnings for the state treasury. Delaying the deposit of funds increases the chance that funds will be incorrectly used. The State Auditor, who routinely reviews the cash receipt function of the department for accuracy and timeliness, endorses prompt deposit of all funds received. The appropriations also affords the department the authority to make correcting payments in the event funds were originally deposited to an inappropriate fund or when refunds to the payer are required due to an original overpayment.

| In accordance with the passage of SB 35, DSS is required to grant a hearing, if requested timely, to determine if a suspension of license is appropriate after considering all the relevant factors listed in this statute. Up to 20 FTE in the Family Support Division will be needed to handle the estimated additional license suspension hearing actions. There is a potential loss of \$50,591 CSEC revenues used to support the CS Program which can be absorbed with the current balance of the CSEC fund. | | | | | | | | | | | | | | |

DSS Vendor Contract Program Integrity. The Department of Social Services has 208 non foster care vendor programs with 1424 individual contract vendors. Some of these are considered high value contracts in that the estimated value is at least \$250,000 over a three year period. In the past three years DLS Investigations Special Assignment Unit has conducted 15 contract vendor investigations, 13 of which were substantiated. We recommend a proactive approach to managing some of the high value contracts and programs. With sufficient staffing, DLS would be in a position to help with contract language, program audits and enforcement.
